

Greetings from the fields,

The last 5 months of 2018 were a whirlwind for PCLF. We are so grateful for everything we accomplished and all the lessons that we learned, and believe us, there were lots of lessons. We also made lots of new friends at the Farmers Market, Vendor Fairs, the Lavender Farm, online and at educational presentations. We truly enjoy sharing our lavender and our love of lavender with all of you. As we look forward to what 2019 has to offer, we give thanks for everyone who has shared our journey, and if you don't already love lavender – maybe we can show you reasons to include lavender in your life. So many have asked questions about growing lavender, the benefits of lavender and my favorite, culinary lavender, that we decided to make a tab for each of these on our website. We will post first to our Facebook page and then also to our website. So the plan is, beginning in February, Growing, the first week of the month; Benefits the second week of the month; and Culinary the third week. Who would have thought, the retired teachers want to keep teaching. LOL

So we invite you to follow us on Facebook and visit our website. We are anxious to share all that we are learning. We think 2019 will be spectacular! We pray it will be for you as well!

Blessings,
Purple Cactus Lavender Farm

Be Joyful!
